Restoration Days

Help us to bring back the native plants and beautify the hills! Scheduled tasks included non-native weed removal and seed planting. Open to all ages. Certificates for service hours are available after completion of work day to students if requested.

Program is from 9-12 am, please be there 15 minutes early to sign in. RSVP needed.

- 11/13 Turnbull Canyon

Volunteer Docent Training

Do you love nature?

Become a volunteer naturalist. 4 week training sessions where docents will have fun while spending quality time in nature. Docents will learn about local history, plants and animals and be trained in interpretive teaching techniques.

Hills Alive – Outdoor Education

Activity-based and interactive fieldtrips for local schools only and arranged by a teacher for an entire class or grade. Programs will be geared toward grades K- 6th and are aligned with California's Academic Content Standards in Science as well as other academic standards.

*All scheduled events are held at main Trailhead locations.
