Addendum #1, 9/27/2021 Request for Bids Tree Removal Scope of Work

****Sign a copy of this addendum and include with bid:** _____
(signature)

The following were discussed at the job walk today, plus a few new updates to the Request for Bids:

- 1. The new bid deadline is 10 am on October 7, 2021.** Bids are due two (2) hours earlier than originally stated.
- 2. Include the revised map of trees with your bid.** Use the attached revised map to identify which trees you plan to remove with your bid. Also, the trees have been numbered in priority to assist you in this effort.
- 3. Bids should identify which trees can be removed/trimmed starting with #1 in priority order.** Trees located furthest to the east on Skyline Drive are the highest priority (trees labelled #1-44 on attached map). Mark on the map in your bid which trees are targeted for removal starting from *east to west*. The next highest Priority 1 level trees are on Oak Ranch Road, starting from *west to east* (trees labelled #45-49 on map). Priority 1 level trees are higher ranked than Priority 2 or Priority 3 trees.
- 4. Use the Revised Bid Sheet, attached.**
- 5. Changes to three trees on the revised map:**
 - a) A tree that was previously identified for trimming on Oak Ranch Rd, now needs to be **removed**. Upon inspection today, it was dead and fallen over. Please see the revised map (labeled #45). It is the western most tree on Oak Ranch Road. See below photo.
 - b) **A large eucalyptus tree along the ranger residence driveway slated for removal has been changed to not be removed or trimmed at all.** This tree is adjacent to the eucalyptus that will be trimmed. See revised map.
 - c) A large eucalyptus tree along the ranger residence driveway slated for removal has been changed to **trim only**. Only material hanging over the driveway will be trimmed.
- 6. This is prevailing wage job (Maintenance not construction).**
- 7. Clarification of Page 5 of Request for Bids** – There are 8 items (not 6) to include with your bids, as listed in the Request for Bids. Please note that the revised map should be attached to the bid sheet. Items for inclusion in bid include:
 1. Proposal
 2. References
 3. Timeline
 4. Signed Noncollusion Declaration
 5. **REVISED Bid Sheet – PLUS MAP**
 6. Include a rate schedule
 7. Subcontractor form
 8. **Addendum #1, signed**

- 8.** The timeframe language in the Request for Bids is as follows, “*Desired timeline: The anticipated schedule for the work is in the first 2 to 3 weeks of November 2021, or by extension in writing... The selected bid will be reviewed for possible action by the Habitat Authority Board of Directors on October 21, 2021.*” **The desired project start date is within the first or second week of November. At the latest, work must be started in November.** The contractor should indicate in its bid a timeframe it can commit to. The bids results will be released shortly after the bids are due.
- 9.** Photos below are of Oak Ranch Road Priority 1 trees. All Priority 1 trees on Oak Ranch Rd have been flagged.

The priority ranking of the trees on Oak Ranch Road run from west to east. The highest priority of trees to be addressed in the Priority 1 level start with the western most tree identified on the map and in the photo below.

Figure 1. Priority 1 level tree on Oak Ranch Rd previously identified as a trim - is now a removal. (This is the most western tree, #45, on Oak Ranch Rd on the map.)

Figure 2. Priority 1 level tree - for removal on Oak Ranch Rd (#46 on map)

Figure 3. Priority 1 level tree - for trimming of dead material - Oak Ranch Rd (#47 on map)

Figure 4. Priority 1 level tree on Oak Ranch Rd - remove tree (#48 on map)

Figure 5. Priority 1 level tree on Oak Ranch Rd - trim dead materials (#49 on map)

REVISED Include with bid - Exhibit E
